Practical 7: Kanban Board Management

A. Create a Company-managed Kanban Project.

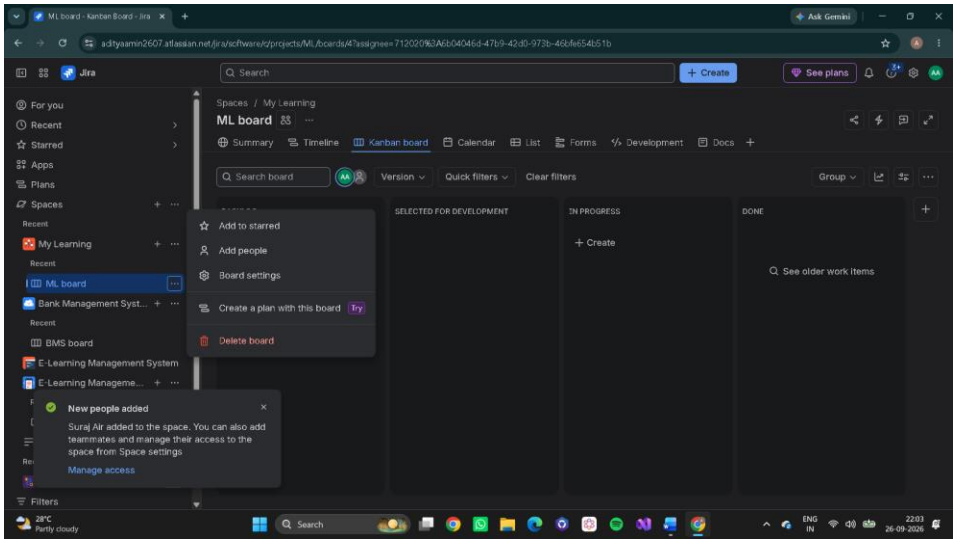

Click Spaces -> Create Spaces -> Select Kanban -> Click use the template -> provide details in Name your Space -> Enter Company-Manged -> click Next.

Add Team Members.

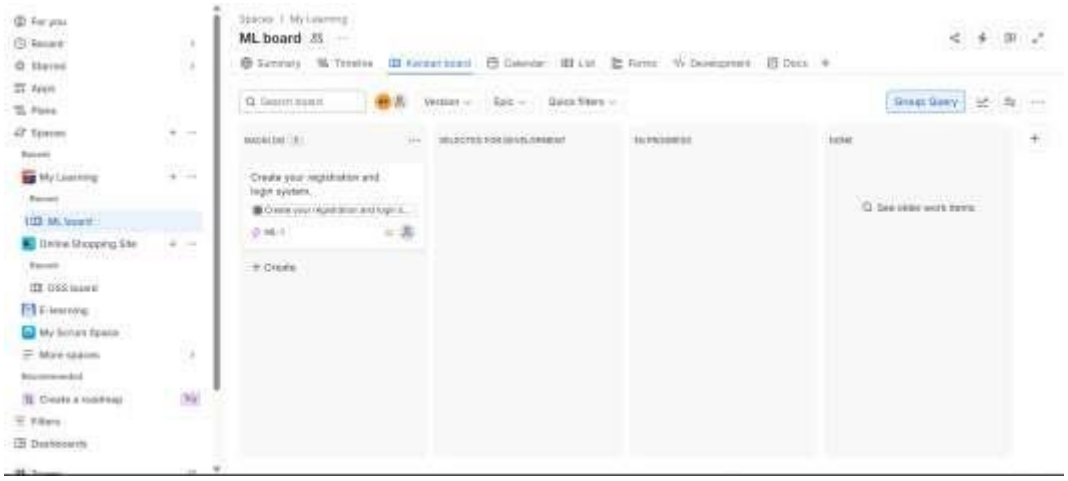

Click Next.

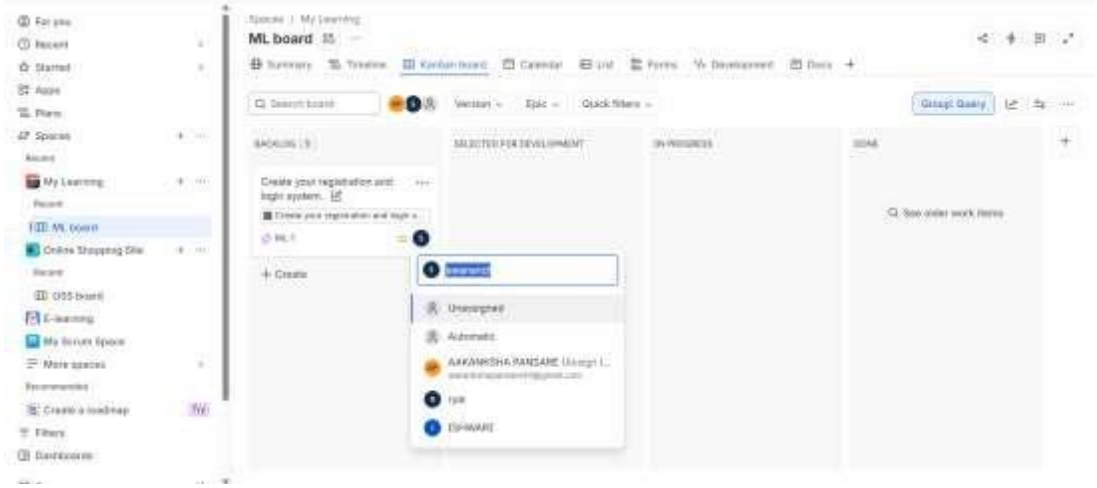

B. Configure Kanban Board.

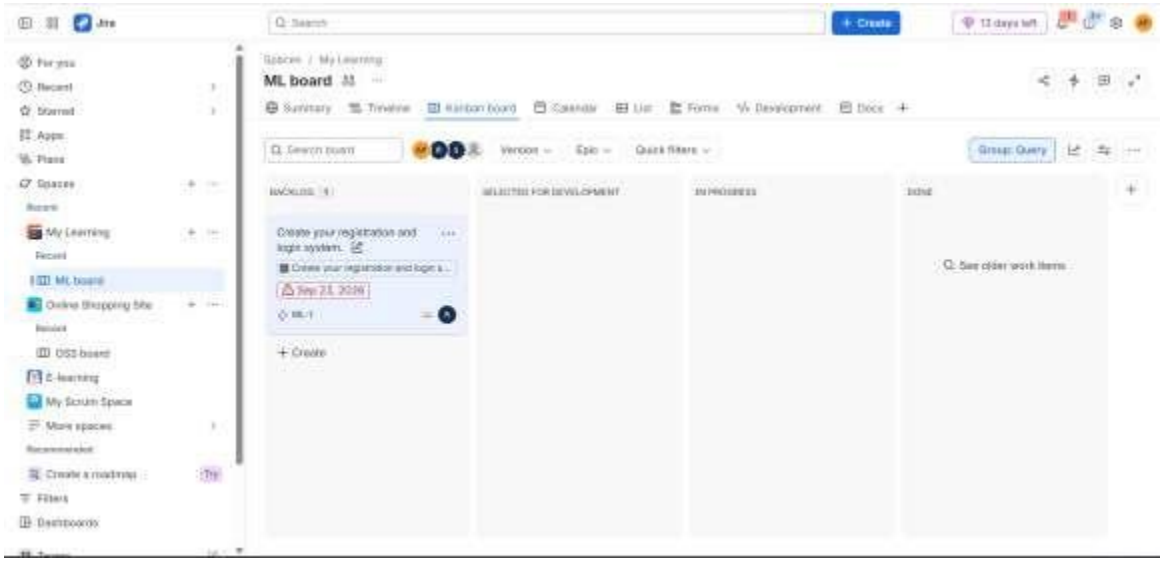

Create a backlog task -> Select issue type task.
Click enter.

Assign task to user.

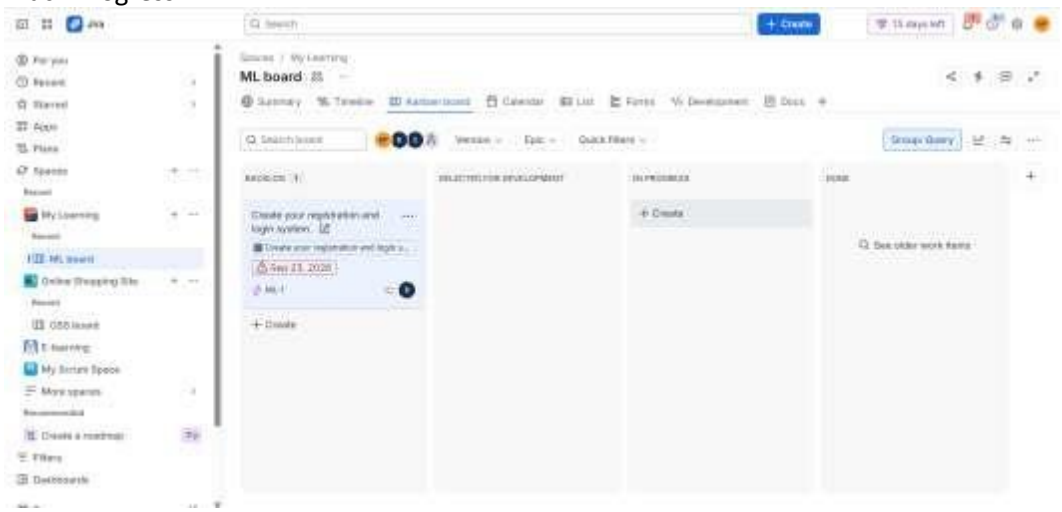

Set Priority and due date.

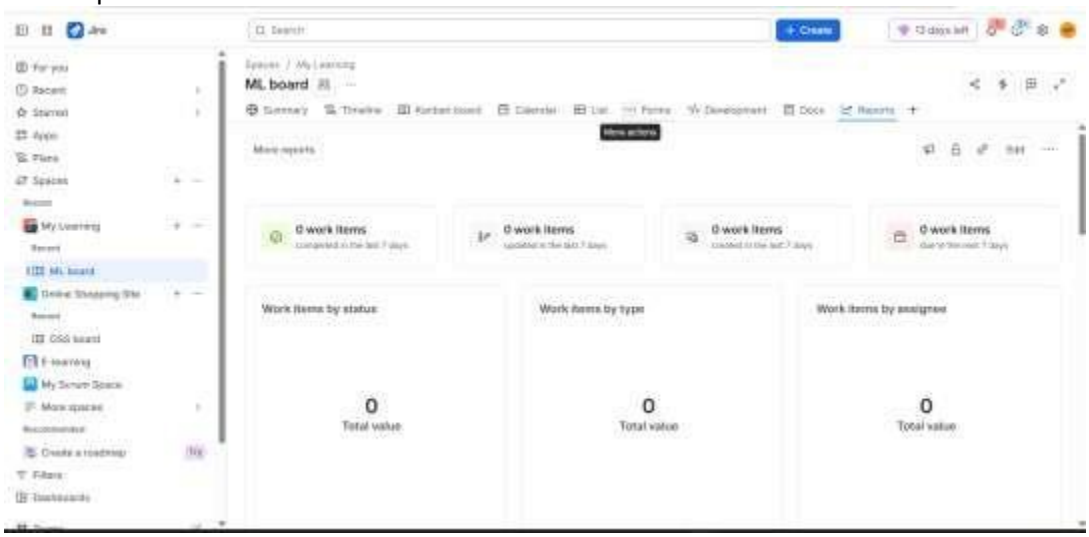

C. Track issue progress and generate Control Chart.

Track Progress.

Click Report in Kanban Board.

Under Agile -> Click Control Chart.
